

FINANCIAL STATEMENTS and SUPPLEMENTARY INFORMATION with INDEPENDENT AUDITOR'S REPORT

YEAR ENDED JUNE 30, 2022 AND 2021

CPAs and Consultants

Independent Auditor's Report

Board of Directors United Way of the Ozarks, Inc. Springfield, Missouri

Opinion

We have audited the financial statements of **United Way of the Ozarks**, **Inc.** (United Way), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of **United Way of the Ozarks, Inc.** as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **United Way of the Ozarks, Inc.** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **United Way of the Ozarks, Inc.'s** ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or

whitlockco.com

the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **United Way of the Ozarks, Inc.'s** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **United Way of the Ozarks, Inc.'s** ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Agency Allocations, Schedule of Special Allocations, and Historical Information Loss on Collections are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

THE WHITLOCK CO, UP

Springfield, Missouri November 6, 2022

1. <u>Summary of significant accounting policies</u>

Nature of activities

United Way of the Ozarks, Inc. (United Way) was incorporated October 27, 1930 as an independently operated non-profit corporation whose mission is improving lives in the Ozarks by raising funds and uniting community support around our communities' critical needs and red flags in 14 counties in Southwest Missouri. United Way develops financial resources through an annual community-based resource development effort soliciting employee and corporate donations from businesses, health and education institutions, public service agencies, and organized labor. The development of financial resources from individuals, governmental and foundation sources, and the recruitment and mobilization of volunteers is also a core function of United Way.

United Way also has a lead role in the assessment of local community needs and develops an annual volunteer-driven investment plan to direct its resources to address critical issues. United Way is not a unit or chapter of any national organization. United Way is governed by a volunteer Board of Directors that hires and employs professional staff to carry out the day-to-day operations of the organization. Election of the board occurs at the annual meeting upon nomination by a standing committee from the board.

Promises to give

Contributions are recognized when the donor makes a promise to give that is, in substance, unconditional. Contributions are reported either in the without donor restriction net asset class, or the with donor restriction net asset class. United Way reports all contributions that are restricted by donor in the with donor restriction net asset class. When the restriction expires, the with donor restriction net assets are reclassified to the without donor restriction net asset class.

If a restriction expires in the same fiscal year as the contribution is received, the contribution is reported in the without donor restriction class.

Amounts from the annual campaign are due within one year. Often the completion of campaign collections is not until early in the following year. However, since pledges are actually due within one year, the amounts have not been discounted to present value, as any difference due to present value calculations is deemed insignificant.

United Way uses the allowance method to estimate uncollectible pledges receivable. The allowance estimate is based on prior years' collection experience.

Basis of accounting

Revenues and expenditures are recognized on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded when both measurable and available. Expenditures under the accrual basis of accounting are recorded when the liability is incurred.

Financial statement presentation

United Way's financial statements are presented in accordance with Financial Accounting Standards Board (FASB) *Codification Topic 958*, "Not-For-Profit Entities." Under FASB *Codification Topic 958*, United Way reports information regarding its financial position and activities according to two classes of net assets: with donor restriction and without donor restriction. The classification of net assets into two categories is based on the existence or absence of donor-imposed restrictions, stipulations that specify a use for a contributed asset that is more specific than broad limits resulting from United Way's basic mission and environment in which it operates.

The FASB issued ASU 2016-14 Presentation of Financial Statements for Not-for-Profit Entities, (ASU 2016-14) in August 2016. ASU 2016-14 improves the current net asset classification requirements and the information presented in the financial statements and notes about United Way's liquidity, financial performance, and cash flows.

Adoption of new accounting standards

On July 1, 2021, United Way adopted the new accounting standard ASU 2020-07, *Presentation and Disclosure by Not-for-Profit Entities for Contributed Nonfinancial Assets*. This ASU requires a not-for-profit organization to present contributed nonfinancial assets as a separate line item in the statement of activities, apart from contributions of cash or other financial assets. United Way recognized the cumulative effect of initially applying the new standard, which required no adjustment to the opening balance of net assets.

Reclassification

Certain accounts relating to the prior year have been reclassified to conform with the current year's presentation. Such reclassification had no effect on net assets.

Contributions

In accordance with the requirements of FASB *Codification Topic 958*, United Way records its current year pledges receivable in the net assets with donor restriction classification until they are released from restrictions, when they are reclassified to net assets without donor restriction.

Cash and cash equivalents

For purposes of the statement of cash flows, United Way considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Property and equipment

Property and equipment are stated at cost or at their fair market value if donated and are reported in the without donor restriction net asset class. All long-lived assets with a cost, or fair market value if donated, of \$1,000 or greater are capitalized and depreciated. Depreciation is computed on a straight-line basis over the useful life of the asset, typically 3-10 years for furniture and equipment.

Revenue recognition

United Way recognizes contributions received and made, including unconditional promises to give, as revenue in the period received or made. Contributions are reported as either revenues without donor restrictions or revenues with donor restrictions.

Service fee income is revenue received for services provided on a regular basis to another not for profit. This revenue is recognized over time as the services are completed.

Certain revenue streams, including grant revenue, contributions, and investment income do not qualify as exchange transactions. These revenue streams are not considered revenue from contracts with customers and will not be subject to ASU 2014-09.

Functional expenses

United Way allocates its expenses on a functional basis among its various programs and support services and is committed to complying with United Way Worldwide cost reduction standards. Expenses that can be identified with a specific program (i.e. agency allocations) are allocated directly according to their natural expenditure classification. Various statistical bases allocate other expenses that are common to several functions.

The principal programs of United Way, as reported on the functional expense statement are as follows:

Community investment

Community investment includes all direct payments to community providers, as well as regular allocations to agencies and initiatives funded by United Way. Partner agencies normally receive monthly allocations from United Way.

Labor

Included in the labor program are all the costs associated with the labor contract maintained with the labor community. United Way recognizes that many donations are from the labor community; therefore, one of the positions at United Way provides a liaison with that group. This program area accounts for all costs associated with the maintenance of that liaison position.

Public relations

Public relations includes expenses related to United Way public relations in general.

United Way projects

United Way includes in its project function all costs associated with the grant programs conducted under its auspices. The primary focus of these projects is to facilitate and promote community problem-solving by coordinating and developing all available resources for the betterment of the community and its people.

The principal support services of United Way, as reported on the functional expense statement are as follows:

Fundraising

Fundraising includes those costs associated with conducting the annual campaign.

Management and general

Management and general includes all costs relating to maintaining the offices and support staff of United Way.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Tax-exempt status

United Way is a non-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code of 1986. United Way is not a private foundation.

Uncertainty in income taxes

Generally Accepted Accounting Principles prescribe a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return and provides guidance on various related matters such as the position United Way has taken that the organization is exempt from income taxes.

United Way's income tax filings are subject to audit by various taxing authorities. United Way's open tax audit periods are 2019 through 2021. In evaluating United Way's tax positions, interpretations and tax planning strategies are considered. United Way believes their estimates are appropriate based on current facts and circumstances.

Recent accounting pronouncements

In February 2016, the FASB issued ASU 2016-02 *Leases*. ASU 2016-02 requires recognition of the assets and liabilities that arise from leases. The new standard is effective for fiscal years beginning after December 15, 2021. United Way is currently evaluating the effect that implementation of the new standard will have on its statement of financial position, statement of activities, and cash flows.

The FASB issued ASU 2016-13, *Measurement of Credit Losses on Financial Instruments*, in June 2016. Its implementation will result in a new Accounts Receivable loss accounting framework, also known as the current expected credit loss (CECL) model. CECL requires credit losses expected throughout the life of the asset to be recorded at the time of origination. Under the current incurred loss model, losses are recorded when it is probable that a loss event has occurred. The new standard will require significant operational changes, especially in data collection and analysis. The ASU is effective

for interim and annual periods after December 15, 2022 and is expected to increase the allowance upon adoption. United Way is assessing the standard and is in the process of reviewing the capability of its systems and processes to support the data collection and retention required to implement the new standard.

2. Investments

Investments at June 30, 2022 and 2021 consist of the following:

	June 30, 2022						
		Amount	Rate	Maturity			
Certificates of Deposit							
Guaranty Bank	\$	352,732	0.25%	11/29/22

Fair market value for United Way investments held with Community Foundation was \$3,892 and \$3,877 at June 30, 2022 and 2021, respectively.

During the year ended June 30, 2022 and 2021, the unrealized gains on all investments totaled \$0 and \$43, respectively.

During the year ended June 30, 2022 and 2021, interest and dividends on all investments listed above and the operating account totaled \$8,010 and \$4,840, respectively.

3. <u>Pledge receivables</u>

Pledges to the United Way campaign are due within one year as the campaign is conducted on an annual basis. United Way writes remaining pledge receivables off the books after two years. Pledge receivables from the prior year campaign are presented in net assets without donor restriction since the time restrictions on the use of the funds have expired. Pledge receivables from the campaign starting in the spring of 2022 (2021) are reported in the net assets with donor restriction class since the cash flows from those receivables are to be used in the following year - 2023 (2022). The 2022 campaign ran from April 2021 through March 2022. The amounts receivable for the campaigns, as well as their related allowances for uncollectible pledges at June 30, 2022 and 2021, are as follows:

	June 30, 2022									
	Without donorWithout donorWith donorrestrictionrestrictionrestriction202120222023									
	campaign campaign campaign	-								
Pledge receivables	\$ 104,811 \$ 925,455 \$ 35	5

4. Cash surrender value of life insurance policy

In December 2004, United Way received a donation of a life insurance policy in which the organization was the designated beneficiary. United Way began paying the annual premiums in fiscal year 2004. The cash surrender value of the life insurance policy at June 30, 2022 and 2021 was \$32,492 and \$33,424, respectively.

5. Property and equipment

Property and equipment are stated at cost or fair market value, if donated, and are depreciated on a straight-line basis over a period as explained in Note 1. Gross value and accumulated depreciation at June 30, is as listed:

Description	2022	2021
Furniture and equipment	\$ 102,312	\$ 100,962
Computer software	22,125	22,125
Leasehold improvements	350,872	305,777
Total property and equipment	475,309	428,864
Less accumulated depreciation	(289,444)	(259,102)
Total property and equipment, net	<u>\$ 185,865</u>	\$ 169,762

Additions to each asset class are described below:

Description	 2022	 2021			
Equipment	\$ 1,350	\$ 10,822			
Building improvements	\$ 45,094	\$ 9,559			

Depreciation expense for the year ended June 30, 2022 and 2021 was \$30,341 and \$33,672, respectively.

6. SBA Paycheck Protection Program

The Paycheck Protection Program is a loan designed to provide a direct incentive for small businesses to keep their workers on payroll. The Small Business Administration will forgive the loan if all employee retention criteria are met and the funds are used for eligible expenses. On February 9, 2021, United Way received a notice of forgiveness from the Small Business Administration.

7. <u>Net assets</u>

Net assets without donor restriction can be classified as undesignated or board designated. Board designated net assets without donor restriction are those assets which have been designated by the United Way board for use in specific projects.

Net assets with donor restriction are those assets which have been provided by donors for use in specific projects and/or for use in a specific time period. Those funds are held in the net assets with donor restriction class until expended.

The net asset with donor restriction balance relates primarily to the United Way campaign. Moneys raised each year are designated through the campaign to support the agencies and United Way administration during the coming year. Therefore, at each year-end, the entire campaign, less the related allowance for doubtful accounts and less allocations to agencies for the coming year which were approved by the Board of Directors prior to year-end, resides in the net assets with donor restriction classification. That restriction will be lifted, and reclassification entries made to the net assets with donor restriction class as receipts are collected and expenditures made during the following year.

Because United Way approved all agency allocations for the coming six months prior to each year-end, reclassification entries, expense entries, and corresponding liabilities for agency allocations for the coming year are entered at the time of board approval.

Net assets without donor restriction and net assets with donor restriction are available for the following purposes at June 30:

Net assets without donor restriction	2022	2021
Undesignated	\$ 518,160	\$ 174,371
Board designated	58,029	37,697
Total net assets without donor restriction	\$ 576,189	\$ 212,068
Net assets with donor restriction	2022	2021
Time restriction		
Campaign funds for use in 2022 (2021)	\$ 2,012,566	\$ 2,184,326
Purpose restriction		
United Way donor restricted	244,816	229,760
Entrepreneurial fund	81,101	80,459
Total net assets with donor restriction	\$ 2,338,483	\$ 2,494,545
	¢ 2014 672	¢ 2.706.612
Total net assets	\$ 2,914,672	\$ 2,706,613

8. <u>Revenue recognition</u>

United Way accounts for a contract when both parties have approved the contract and are committed to perform their obligations, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable.

The following table disaggregates revenue for the year ended June 30:

	2022	2021		
Point in time revenue				
Miscellaneous income	\$ 62,176	<u>\$ 11,450</u>		
Total point in time revenue	62,176	11,450		
Over time revenue				
Service fee income	141,958	180,671		
Total over time revenue	141,958	180,671		
	\$ 204,134	\$ 192,121		

9. Contributed services and materials

During the year ended June 30, 2022, there were no material contributed services meeting the requirements for recognition in the financial statements outlined in *FASB Codification Topic 958*. Often, materials are donated to United Way from various sources and then passed on to the member agencies. These amounts were booked as revenue and expense for the period. In addition, program materials in the amount of \$5,120 and \$35,930 were recorded as revenue and expense for United Way projects for the years ended June 30, 2022 and 2021, respectively.

10. <u>Retirement plan</u>

United Way participates in a defined contribution retirement plan covering all employees who have completed one year of service at United Way or another qualifying organization. This plan is in accordance with Internal Revenue Code Sec. 403(b). For employees meeting eligibility requirements, United Way contributes 10% of each employee's salary to a fund administered by Mutual of America. The employer contribution for the year ended June 30, 2022 and 2021 was \$46,473 and \$47,188, respectively.

11. Concentration of credit risk

United Way maintains cash balances in non-interest bearing transaction accounts at several financial institutions located in the Springfield, Missouri area. Accounts at each institution are insured by the Federal Deposit Insurance Corporation and are subject to the \$250,000 limitation. The account balances are held in sweep accounts where funds are swept each night into accounts where funds are secured by government securities.

The pledge receivable balance constitutes credit risk to the extent that donors might choose not to complete their pledge payments. However, United Way has a consistent collection record, and appropriate allowances for uncollected pledges are maintained as described in Note 4 to the financial statements.

12. <u>Leases</u>

On April 29, 1996, United Way entered into a lease agreement with the City of Springfield, Missouri for their current office facilities location.

The facilities were leased by United Way for a total value of one dollar for a 50-year period, ending on June 30, 2046. At the end of the lease term, United Way has an option to purchase the leased premises, which include the land and building structure, for the then appraised value of the land only.

On March 28, 2005, a portion of the premises described previously was sub-leased to Great Southern Community Development with the same expiration date of June 30, 2046. The sub-lease was for a total value of one dollar for a 41-year period.

The sub-lease will continue until terminated early by either party or terminated pursuant to the lease between City of Springfield, Missouri and United Way dated April 29, 1996. United Way has no responsibility to repair or maintain the premises during the sub-lease term.

Because the lease agreement with the City of Springfield is for a total value of one dollar, there are no future minimum lease payments. However, United Way does assume responsibility to keep, maintain, repair and operate the entirety of the leased premises, and all improvements and facilities placed thereon will be at its sole cost and expense.

United Way also leases various office equipment through the normal course of business.

13. <u>Related party</u>

Until December 31, 2021, United Way leased employees to Community Partnership of the Ozarks (CPO), a not-for-profit corporation, located in Springfield. United Way received \$1,618,597 and \$2,816,004 for employee labor personnel services for the years ending June 30, 2022 and 2021, respectively. These employees are under the direct supervision of the CPO President/CEO who makes all hiring, firing and disciplinary decisions and all activities of these employees accrue to the benefit of CPO. Effective January 1, 2022, this arrangement between CPO and United Way was terminated, and all CPO employees were removed from United Way.

United Way allocates funds to all partner organizations. For the years ended June 30, 2022 and 2021, United Way allocated \$86,198 to CPO. United Way received \$141,958 and \$177,173 from CPO for accounting fees for the years ended June 30, 2022 and 2021, respectively.

14. Fair value of financial instruments

Effective January 1, 2008, United Way adopted FASB Codification Topic 820, *Fair Value Measurements and Disclosures*. FASB Codification Topic 820 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements.

FASB Codification Topic 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FASB Codification Topic 820 establishes a fair value hierarchy that prioritizes the inputs used in valuation techniques used to measure fair value into three levels, with Level 1 being the highest priority.

Level 1 inputs: Level 1 inputs are quoted market prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 inputs: Level 2 inputs are from other than market prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. This includes quoted market prices of similar assets or liabilities in active markets, or quoted market prices for identical or similar assets or liabilities in markets that are not active.

Level 3 inputs: Level 3 inputs are unobservable and should be used to measure fair value to the extent that observable inputs are not available.

Investments - Fair values have been determined using quoted market prices.

The following are major categories of assets and liabilities measured at fair value on a recurring basis during the year ended June 30, 2022 and 2021:

	June 30, 2022								
		Fair Value						Carrying	
	Level 1		Level 2		Level 3		Amount		
Financial Assets									
Investments									
Community Foundation	\$	-	\$	3,892	\$	-	\$	3,892

				June 3	0,2021				
		Fair Value Carrying							
	Level 1	Level 1 Level 2		Level 3		Amount			
Financial Assets									
Investments									
Community Foundation	\$	-	\$	3,877	\$	_	\$	3,877	
	\$	-	\$	3,877	\$	-	\$	3,877	

15. Missouri Works Initiative

During the year ended June 30, 2022, United Way entered into an agreement with Missouri Works Initiative (MWI), a not-for-profit corporation, to help connect participants to necessary and available community support resources. Any staff time attributable to working with program participants is billed at an hourly rate established by the mutual agreement between MWI and United Way. The agreement runs from June 1, 2022 through May 31, 2023.

16. Liquidity and availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, comprise of the following:

	2022			2021		
Financial assets, as of June 30:						
Cash and cash equivalents	\$	1,220,715	\$	1,360,775		
Short-term investments		742,398		438,901		
Pledge receivables		797,752		786,140		
Long-term investments		3,892		3,877		
		2,764,757		2,589,693		
Less those unavailable for general expenditure:						
Accounts payable		10,660		14,348		
Accrued salaries		-		13,618		
Net assets with donor restriction		2,338,483		2,494,545		
		2,349,143		2,522,511		
Financial assets available to meet cash needs for						
general expenditure within one year	\$	415,614	\$	67,182		

17. Subsequent events

In preparing these financial statements, United Way has evaluated events and transactions for potential recognition or disclosure through November 6, 2022, the date the financial statements were available to be issued.
